BUSINESS AS USUAL is a powerful motivating force especially when Jews like the Rothschilds are running an oil business.

Banking is the forte of the Jewish House of Rothschild. But raw materials—especially oil—are money in the bank.

The Young Turk movement, AKA Committee of Union and Progress, arose out of the Rothschilds’ oil interests in the Black Sea area of the Ottoman Empire in the late 1800s. ‘Creating stability’ in an incendiary realm was necessary for the Rothschilds’ new oil enterprise Baku Oil. The instability of the Armenian Christians’ financial and intellectual prominence in the area was not “good for business.”

Thus hand-picked Jews of Salonika, (Jews made up the majority of the city’s population), and foreign agitators such as the Russian Zionist, Vladimir Jabotinsky, the editor of The Young Turk newspaper, were just what the Rothschilds needed for ridding the source of that instability, the Armenian Christians.

Now, the Zionist Young Turks who sought for the break up of the Ottoman Empire in order to obtain Palestine—and the House of Rothschild, who needed a Jewish-controlled Turkey and hegemony over the entire Middle East, could work together. This meant funding for the Jewish Young Turks and revolutionary subversives for the Rothschilds.
HISTORICAL BACKGROUND OF THE JEWISH YOUNG TURKS

1680: Sabbatai Zvi, a Turkish Jew, proclaims himself to be the Jewish Messiah in Salonica. After amassing a following of thousands of Jews - he led them on a Zionist exodus to Palestine. On the way he decided to become a Muslim. Many of his followers saw this as God's plan and also became Muslims.

1716: A group called the "Donneh" forms in Salonica of Sabbatai Zvi's followers headed by Sabbatai Zvi's successor, Baruchya Russo. By the early 1900's, the Donmeh numbers in the hundreds of thousands. They were known as "Crypto Jews" because though outwardly appearing to be Muslims, they were still Jews following the customs of the Jewish occult Kabbala which Sabbatai Zvi taught. They continue in their fervent, (yet secret), Zionist vision.

1860: Jewish Hungarian Zionist named Arminius Vambery becomes an advisor to the Sultan Abdul Meict while secretly working as an agent for Lord Palmerston of the British Foreign Office. Vambery tries to broker a deal between the Zionist leader Theodore Herzl and Sultan Abdul Meict over the creation of Israel but fails.

1891: Out of the Donmeh a Zionist political group forms called The Committee of Union and Progress, later called The Young Turks. The group is headed by a Freemason Jew by the name of Emmanuel Carraso who organizes the secret Committee of Union and Progress in Geneva with the help of the Rothschilds.

1895-1896: Sephardic Jews of Salonika together with the Turks massacre Armenian Christians in Istanbul.

1902 & 1907: Two Congresses of The Young Turks meet in Paris to plan, prepare, and effect the penetration the Sultan’s army leading to the military coup of 1908.

1908: The Jewish Young Turks revolt and force the Sultan Abdul Hamid II into submission.

1909: The Jewish Young Turks rape, torture, and slaughter over 100,000 Armenians in the city of Adana, also known as Cilicia.

1914: The Jews of The Young Turks create unrest, turmoil, and bolster the paid Serbian assassin, Gavrilo Princip, which leads to World War I.

1915: The Armenian Holocaust engineered by the ruling Jews of The Young Turks, leaves 1.5 million Armenian Christians starved, tortured, and murdered.

1918: Jewish Mustafa Kemal 'Ataturk' ascends into leadership.

1920: Russian Jewish Bolshevks supply Ataturk iwith 10 million gold roubles, 45,000 rifles, and 300 machine guns with ammunition.

1921: Ataturk occupies the Port of Baku in conjunction with the Russian Jewish Bolshevks ceding it to the Bolshevks five days later. The Rothschilds are delighted.

1922: Jewish Kemalists orchestrate the burning of Smyrna resulting in the 'ethnic cleansing' of over 100,000 Armenian and Greek Christians left tortured, starved, raped, and dead.

"Shortly after the revolution in July 1908, it soon became known that many of the Young Turks' leading members were Freemasons. It was noticed that Jews of all colours, native and foreign, were enthusiastic supporters of the new dispensation, till, as many Turks expressed it, every Hebrew became a potential spy of the Young Turks. Turks began to remark that the movement was rather a Jewish than a Turkish Revolution."

JEW ABE FOXMAN OF THE ADL DENIES THE ARMENIAN HOLOCAUST

For many years, the Anti Defamation League and now its director, Abraham Foxman, refuse
to acknowledge that the massacres of 1.5 million Armenians between 1915 and 1923 constituted genocide. Jews simply can’t stand to share their so-called “martyred-race” status with anyone else. And besides, Jews don’t like to have their crimes pointed out to them. If one does, he is instantly labeled an “Anti Semite!”
Foxman has reiterated the ADL’s opposition to formal U.S. recognition of the Armenian Holocaust calling a proposed Congressional resolution “a counterproductive diversion.” This position is inconsistent with the ADL’s mission statement “to secure justice and fair treatment to all citizens alike.”

But the Jew Abe Foxman and his racist ADL organization do not care about any other ethnic group but their own. And they will lie and suppress the historical facts (and all historical facts that incriminate the Jews) of the Armenian Holocaust and the role that the Jews played in it. Foxman and all Jews do this in order to perpetuate their image as “innocent victims.”

WE CANNOT ALLOW THE JEWS to get away with their suppression of historical facts that incriminate the Jews any longer. Abe Foxman and his racist Jewish friends love to see Revisionist Historians thrown in jail for questioning particulars of the Jewish Holocaust in Germany.

But it is Foxman and the rest of the Jewish censors who should be thrown in jail for denying the Armenian Holocaust! Why do Jews abide by a double standard constantly? Aren’t we all sick of it and all these Jews for that matter by now?

I, for one, Brother Nathanael Kapner, a former Jew and now an Orthodox Christian, will do all in my power to expose the Jews. For the Jews are *not* innocent victims of persecution against them but have *prompted* backlashes against them throughout their “wandering-among-the-nations” history.

The Jews in fact are the most fierce perpetrators of racist crimes the world has ever known. And the Armenian Holocaust of which the Jews are responsible is a clear example of their Jewish racist crimes.

And today the CUPs/Young Turks ideology still permeates the current Turkish government.

Thus, no one within Turkey is allowed to question the events of the massacres of Christians (Armenians, Greeks, Assyrians, etc.) without being charged of being "against Turkishness."

I do not blame the general Turkish people for their misinformation, just as I do not blame the American people for their blindness to the destruction of their country and constitution by rogue government elements and tyrant corporations.

We need people like you, Brother Nathanael, to continue to spread the word.

It’s easy to call a non-Jew with the vilifying label of "anti-Semitism," but when it is a Jew who is questioning and criticizing the historic facts being presented and making a salient, robust statement as you do, I can only applaud you and proudly call you brother.

Thanks for the excellent work.

Please give US Rep. Jane Harman’s (D) Ca. official website a visit.

She’s the not-so-closet Neocon Jewess Chair for the Intel commitee that has a “nice letter” posted on her website telling the Armenian community that “it is not a good time” to acknowledge the Genocide of Armenians because it would embarrass our allies, the Turks.

Then read about the ATC, a Mossad front that bribed former Speaker Dennis Hastert with $400,000 according to Sibel Edmonds sworn congressional testimony.

Now you know why, with informative articles like this one om this website, that supposed Islamic and Jewish "adversaries" are in fact allies.

Time for the Jews to leave Occupied Palestine, all of it. Including the fake "nation" called "Israel."

Let them all move to Britain, we’ll call it "Balfour Village.” How’s that sound to everyone?

Jews cannot be allowed to live in any civilized nation, they must be made to form their own nation in a desolated, uninhabited place.
The Jew thrives on naive people who welcomes him with open arms. The host soon regrets his hospitality 100% of the time.
This has been proven and proven again.

Hrant Dink, the Turkish-Armenian journalist who was murdered by 17-year old Turkish punk, was actually NOT murdered by the so-called Turkish nationalists since Hrant openly spoke about the Armenian Genocide in Turkey, but he was murdered by ERGENKON members who are in fact controlled by the JEW!

Thank you for the enlightenment. 
I was searching for an answer to this question about the horrors of the Armenian genocide. How sad! 
Islamic people welcomed the Jews and Christians under Ottoman rule. Why would they suddenly slaughter 1.5 million human beings of Christian background?

Never made sense to me. If the Jews seek sympathy for the German holocaust then they need to show sympathy for this tragedy likewise.

Dear HHH -

Turkish Muslims INDEED Massacred thousands upon thousands of Armenian Christians. They were set up by the Jews to murder the Armenian Christians.

The massacres by Turkish Muslims of Armenian Christians is well documented and archived. I have many books by eyewitness of the Turkish Muslim massacres. One such MUST READ book, carefully and diligently documented is by an eyewitness, Admiral George Horton, titled, "The Blight Of Asia." +BN

As much I love your article and all, but have you know anything about Assyrian genocide?

Today Assyrians still going in a new genocide because of the Kurds, although the Zionist are supporting the Kurds as it shows on the Arab TV news as well as those Kurds that I had spoken to.

Sadly, more ethnic cleansing on the Assyrian people are being attacked by the Kurdish government in northern Iraq which is causing the ethnic cleansing under the support of the Israeli. Today, Assyrians in northern Iraq are one of the oldest Christian communities in the world who speak Neo-aramic.

Here is an article about the Assyrian genocide.

Why Should Turkey acknowledge the Assyrian Genocide, 1915-1918?

In recent weeks many discussions have taken place about the Assyrian, Armenian Genocide of 1915-18 by Turkey. Some opinons by members of local political parties arguing the Assyrian and Armenian question were published in the Dutch newspaper "De Twentsche Courant Tubantia" on the 27th of April 2005.

Not only Turkey denies the Armenian/Assyrian/Greek Genocide of 1915, also Mr. N. Bicici a local government member of the CDA Party of Holland, who doubts that such Genocide ever happened. This despite tens of thousands of eyewitness accounts, thousands of books written about this subject and thousands of reports to the world press as the genocide was unfolding.

Facts prove that hundreds of thousands innocent people were brutally slaughtered without any mercy. Not even women and children were spared.

Many were thrown alive into water wells, which were sealed. Hundreds of thousands were marched into the desert to slowly die from hunger, thirst and exausation. Others were put on boats and thrown into the deep sea as food for fish.

Women were raped, parents were butchered in the presence of their children. Every form of torture known to humanity was practiced on the Christian population of Turkey.

Prior to the First World War, the population of Turkey was fourteen million. About thirty three percent Christians. The total number of all the Christians in Turkey today amounts to 0.1 percent.

Turkey and Mr. N. Bicici need to answer these questions.

1- What happened to these people?
2- Where are they?
3- What happened to the Assyrians, Armenians and Greeks of Turkey? Where did they disappear to?
4- Wasn’t this diversity a great wealth to Turkey?
5- If so what happened to Turkey”s greatest asset, its ethnic diversity?

The annihilation of this mosaic of colors and diversity was deliberate and strategically accomplished.

Genocide against the Assyrians and other Christians by Turkey was planned, designed and systematically carried out. More than two million people were massacred and over two million people were forced to migrate into the desert.

How can anyone who has witnessed the horrors of wars, massacres and tortures taking place in many parts of the world demean our appeal for the recognition of a supposedly forgotten genocide even if it happened long time ago?

It may have been forgotten by the rest of the world but not by us.

I should say the Jews may dislike the Armenians would be more appropriate rather than hate which is very strong reason to deal with.

The main cause of denying the Armenian holocaust is purely serves Zionist-Jewish national interests in general, which is closely related with Zionist movement from the very beginning which its main focus.

Controlling the Silk Road commercial routes which still preserves its economic and strategic importance. The silk route was controlled by Armenian businessmen since 1300 where Jews had no access whatsoever, meanwhile the Armenians built their huge amount of capital and richness. Obviously this attracted business jealousy which is the hidden base of Zionist doctrine.

Finally, there is no change in orthodox Jews’ mentality. They will put every effort to wipe out the remaining few Armenians out of the region using the “so called Turks” (in the past were Young Turks, now Azerbeycan) as a tool.

God bless you.

Armenian genocide is a fairy tale told to corrupt Ottoman empire.

Henry Morgenthau is an illuminati himself, his name is referred with Schiff. He is communist Schiff’s man.

The Turkish nation is the only Muslim nation that did not accept Balfour Declaration, unlike Arabs leader Faisal and the famous Lawrence of Arabia. When the Ottomans had been defeated the Balfour Declaration had been adapted into Sevres Treaty.

Also Armenians had been tool of illuminati those times, they had been assisted by Rockefeller ngo’s during World War 1.
None of the co-conspirators of the Armenian Genocide were Turkish.

They were all descendents of Crypto Jews who fled from Spain in 1492. Talat, Enver, Djemai, Nazim, Shakir, etc. were all Freemasons from Selanik (now in Thessaloniki, Greece).

And the Rothschilds, International Bankers, etc. plotted Christians and Muslims of Anatolia against each other to gradually create Israel during WW2 and International Bankers discovered oil in the Mid East, to just snatch the oil from the Mid East as well.

All races, whether Jew, Christian, Muslim, etc. need to unite against the ZOG, period.

Wow amazing article!

Yea what a lot of people don't know its hard for Jews or crypto Jews to assimilate... and when something happens, people would always pin that nation or all of the people of that nation as the ones to blame.

Just because a person has a similar first and last name ethnically speaking does not mean you can be trusted. As thats how Jews function!

As they may have English, Russian, Dutch, German, Turkish, last names but in reality they don't have nothing to do with that country since they abide and follow Jewish customs.

Excellent article and God Bless!

Where are the graves of 1.5 million dead people if there is such a genocide?

Is there any proof? I searched lots of websites, but I couldn't find any proof like videos or photos — just stories.

TO WWW You are asking for a proof for the Armenian Genocide.

The word genocide was coined by Rafael Lemking to describe the Turkish massacres of the Armenians.

My father's and my mother's family lost all their relatives who were killed in the deserts.

There are thousands of pictures and historical documents about the Armenian Genocide.

Check the newspapers of that time and you'll find a lot of it.

Excellent article, Brother.

You are GOD's gift to humanity. Continue your mission. GOD bless you.

This Christian Armenian loves and appreciates you!

I am a Jew but I am very ashamed for what my people have done against Armenians and Assyrians.

We really were behind everything bad done against Christians in Middle East. I also don’t appreciate what they are doing against the Christians today in north Iraq from killing women, children, men and killing their bishops, priests and bombarding their churches and teaching the Muslims against them.

Our mafia wanted to create Kordish country to defend us against Arabs. What a stupidity, those Kordish I hear them wanted to destroy Israel.
In late 2011, a delegation of Turkish Jews lobbied Congress against upgrading the Armenian "genocide" to a "holocaust."

They overturned a promise given to Armenia by Obama that America would recognize the 1915 slaughter as a full blown "holocaust."

The Jewish delegation warned Obama of serious consequences if America upheld the motion, and promised to close down a US (NATO) missile facility in Turkey, if he refused to comply.

1- There were supposedly hundreds of millions of Native Americans living in the Americas before the Europeans settled in there, what happened to them, why is it not recognized as a genocide?

2- There were over 10 million Germans living in Eastern Europe. After WW2 they were deported by the Soviets. What happened to them, why is it not recognized as a genocide?

3- There were millions of Circassians living in what is now part of southern Russia, now no Circassian does live there, why is it not recognized as a genocide?

4- All African, and Oceanic cultures, languages, religions are destroyed or plundered, why is it not recognized as a (cultural) genocide?

The answer for all of the above questions is simple: The historical truth is written by the side who has power (which in this case of so-called genocide is the West, not Turkey), not by the one who is righteous.

The Armenians attacked the Turks, and then the Turks defended themselves, the Armenians lost. By some psychopathic Armenians it’s assumed to be a “genocide.” It’s nothing but a delusion, when you lose, you have to admit it as all other nations do.

I am not against the Armenians, I, and many people around me have Armenian friends in Turkey, and they’re incredibly nice, educated, intelligent people. I also admit that there’re many psychopathic Turkish nationalists in Turkey as it is the case in Armenia, and the Armenian diaspora.

All we have to do is notice that there even do not exist different races, we all have just two legs, two eyes, two arms, our biggest enemy should be the psychopathic fascist racists, and prejudices.

Besides being human in common, we, both Turks and Armenians, have same dishes, same cultures, same characters, it’d be the reason why we should be closer to one another.

Long live the brotherhood of people, may the prejudices of racism burn in hell.

Show me a clean, pure and virtuous nation (only one) that has ever come to world and did not partake in any massacre, I swear that I will throw myself from Bosphorus Bridge.

Stop denying! There is no nation that has no stain of blood in their hands. We humans love to massacre because of religious, ethnic, racial differences.

Everybody did massacre. Jews did (read the Bible), Turks did, Germans did, Christians did, Arabs did, Armenians did, Serbians did, English did, Moslems did, Spanish did...did...did...did and still doing...doing...and doing. Let’s agree upon this.

But I dont believe this story. It does not make sense at all.

During that time the Ottoman Empire was under attack from 4 sides. Everybody wanted to have a piece of this vast land. Russians backing up Armenians in the East, British, Greeks, Italians and others attacking us on the West, we were under a devastating war in defending our country.

Villages were under attack by Armenians (Armenians coming from Armenia-USSR) supported by Soviet Russians. Armenian population was quite high during that time and armed Armenians backed by Russians were knocking the doors of Turkish Armenians for support/food/a place to stay.

Ottoman Armenians mostly got stuck between two fires and some helped them and joined to these armed men. Unfortunately many Armenian families had to suffer the consequences.

Some died in hunger, some were killed terribly on the way, and there were mass massacres in certain areas. Nothing happened to Armenians, Assyrians or Greeks living in the West (my
mother side is Armenian-Greek mixed so I know quite well).

So, Jews did not need to initiate anything against Armenians because we were basically in a horrible war and Armenian interest was so obvious: to take Van region (where ancient Armenian kingdom situated).

I think it was a horrible mistake to lose that many Armenians in such a horrible way. I do think Turkey must acknowledge this fact even if Armenians continue to hate us. Hate should be something they have to endure and live with it, not ours. Whether ours was response to their actions or not, we must accept what we did.

Artur

Crypto Jews, apparently Moslem Turks still governing Turkey up to now, the Grand Master of Turk Masons have always been Jews, even now.

Unfortunately Turks of today are brainwashed and miss historical chronology when dealing with this matter.

Armenians were backed by Russian entering in Anatolia when Anatolia was already totally emptied of Armenians already before 1916/1917.

Thank you, Brother Nathanael.

My Armenian grandmother saw her very young brothers beheaded. They were only about 7-8 years old I believe.

She managed somehow to get rescued and was sent to Jordan where a lovely Armenian lady adopted her. Her stories of the tragedy were too much for me to listen to. She used to have days where she couldn’t stop crying. I cannot comprehend such cruelty.

She did say though that there were some good Turks who helped feed people and showed a lot of kindness.

So it is the same with the Jews? Is is really the Jews running the world or is it just that many of the greedy bad control freaks happen to be Jewish?

For years I shut all this out of my mind thinking this has all stopped now. Move on. But it hasn’t stopped, has it?

I don’t think WWW has looked very far for proof.

There are eye witness statements and photos all over the internet and published.

None so blind.....

Now that the Jews have gotten what they wanted, which is land of Israel...

We need to think what is their grand plan next?

The Turkish soldiers put newborn Armenian babies in the stove and burned them and even
cut open pregnant woman’s stomach and killed the undeveloped babies.

My mother’s grandmother told her that her Turkish neighbor gave them a horse so that they
can flee their home which was in Ghars, Armenia, she lost her newborn on the way.

The biggest proof anyone can have of the Armenian Genocide is that Armenians have spread
all over the world. There is a Armenian diaspora in mostly every country of the world. Every
Armenian household has their own story to tell about the massacre.

There are about 8 Million Armenians all over the world and only 1.5 to 2 million Armenians
that live in Armenia!

I myself live in Los Angeles, California and there is a population of about a million Armenians
that live here in LA County.

We Armenians must be ready for a continued denial what is left for us to do is never to
forget that on April 24, 1915 a million voices cried out and all of a sudden were silenced.

We don't need Turkey to pay us like the Germans pay the Jews, what we need is that our
Nation is pure in God's eyes.

Before establishing Jewish state of Israel the land of Palestina was a part of Ottoman
Empire.

The founders of Zionism at the end of 19th century made one attempt to ask Sultan Hamid's
permission to create a local community of Jews in that land but they met a strong rejection,
so they had realized that there is only one way to take back that land and that was a
Ottoman Empire collision.

But there was no external force who could do that, and Jews has realized that its should be
done with internal forces, and that's why at the end of 19th century the Armenian Question
rose up.

And the Armenian Question became a main force that ended the Ottoman Empire's
existence. As it happened in USSR, Karabachos became a start of USSR collision. But shortly
after they came back to Palestine another strong danger has rose up.

They couldn't persuade the European Jews to leave their homes in civilized countries and
resettle in Palestinian desert. And most of Jews who didn't want to take a part of that great
resettlement operation were originally from Germany.

I'll leave the rest to your imagination.

About eighteen years ago, Tex Marrs of Power of Prophecy went out to the West Coast to
lecture on the genocide.

He was invited by the Armenian American League to speak on the Zionist connection. He
was to speak on Saturday and Sunday.

That Saturday the threats started pouring in. He spoke Sunday surrounded buy armed
security.
